The shares rank *pari passu* in all respects with each other, including, in respect of entitlements to dividends, to a share in the liquidation proceeds in the case of a liquidation of the Company. The Company issues its registered shares as uncertified securities (Wertrechte) and registers them as book-entry securities within the meaning of the Swiss Federal Act on Intermediated Securities (the "FISA"). In accordance with art. 973c of the CO, the Company maintains a register of uncertificated securities (Wertrechtbuch).

The Company has not issued any participation certificates.

2.5 Dividend-right Certificates

The Company has not issued any dividend-right certificates (Genussscheine).

2.6 Limitations on Transferability and Nominee Registrations¹²

Art. 5 of the Articles contains restrictions on a shareholders' possibility to be entered in the Company's share register as a shareholder with voting rights and on the registration of nominees (the "Nominee").¹³

2.6.1 Limitations on Transferability

Pursuant to art. 5 of the Articles, persons acquiring registered shares are, on application, entered in the share register without limitation as shareholders with voting power, provided they comply with the disclosure requirements stipulated by the FMIA and expressly declare that they have acquired the shares in their own name and for their own account. The entry as shareholder with voting rights in the share register of the Company is subject to approval by the Company.

The Company may refuse the entry as a shareholder with voting rights in case the applicant is non-compliant with any of the requirements set forth above or is non-compliant with the rules (and the requirements) set forth in the Articles for Nominee registrations. The limits for registration set forth for Nominees also apply, subject to art. 652b para. 3 CO, to the subscription for or acquisition of registered shares by exercising pre-emptive, option or convertible rights arising from shares, or any other securities issued by the Company or third parties. For purposes of the limitations on transferability of shares, legal entities or partnerships or other associations or joint ownership arrangements, which are linked through capital ownership or voting rights, through common management or in like manner, as well as individuals, legal entities

or partnerships (especially syndicates), which act in concert with the intent to circumvent the entry restriction, are considered as one shareholder or Nominee. The Company may in special cases approve exceptions to the restrictions described in this paragraph (i.e., in art. 5 paras. 3, 4 and 5 of the Articles).

If the Company does not refuse to register the acquirer as shareholder with voting rights within 20 calendar days upon receipt of the application, the acquirer is deemed to be a shareholder with voting rights. Non-recognized acquirers shall be entered in the share register as shareholders without voting rights. The corresponding shares shall be considered as not represented in the General Meeting of Shareholders.

2.6.2 Exceptions Granted in the Period Under Review

As of March 31, 2022, no exceptions under art. 5 of the Articles had been granted during the period under review.

2.6.3 Admissibility of Nominee Registrations

Persons not expressly declaring themselves to be holding shares for their own account in their application for entry in the share register or upon request by the Company, the Nominees, are entered in the share register with voting rights without further inquiry up to a maximum of 3.0% of the share capital outstanding at the time. Above this limit, shares held by Nominees are entered in the share register with voting rights only after the Nominee discloses the names, addresses and shareholdings of the persons for whose account the Nominee is holding 0.5% or more of the share capital at that time, and provided that the disclosure requirements stipulated by the FMIA are complied with.

The Company may refuse the entry as a Nominee in case the applicant is non-compliant with the rules (and the requirements) set forth in the Articles for Nominee registrations; the limits for registration set forth for Nominees also apply, subject to art. 652b para. 3 CO, to the subscription for or acquisition of registered shares by exercising pre-emptive, option or convertible rights arising from shares, or any other securities issued by the Company or third parties. For purposes of the limitations set forth with regard to Nominee registrations, legal entities or partnerships or other associations or joint ownership arrangements, which are linked through capital ownership or voting rights, through common management or in like manner, as well as individuals, legal entities or partnerships (especially syndicates), which act in concert with the intent to circumvent the entry restriction, are considered as one shareholder or Nominee. The Company may in special cases approve exceptions to the restrictions described in this paragraph.

The Board of Directors has the right to conclude agreements with Nominees concerning their disclosure requirements.

¹² This Section 2.6 works as a summary of the limitations on transferability of the Company's shares and nominee registrations. See art. 5 of the Articles for more information.

¹³ Legal entities or partnerships or other associations which are linked through capital ownership or voting rights, through common management or in a similar manner, as well as individuals, legal entities or partnerships which act in concert with the intent to circumvent the entry restriction, are considered as one shareholder or Nominee.

2.6.4 Procedure and Conditions for Canceling Transferability Privileges

After due consultation with the persons concerned, the Company is further authorized to delete entries in the share register as shareholder with voting rights with retroactive effect if they were affected on the basis of false information or if the respective person does not provide the information required by and for the registration of Nominees. The concerned person must be immediately informed about the deletion.

2.7 Convertible Bonds and Options

The Company has not issued any bonds or options regarding its shares outstanding as of March 31, 2022.

3 Board of Directors

3.1 Members of the Board of Directors

3.1.1 Overview and Selection

The Board of Directors is entrusted with the ultimate strategic direction of the Company as well as the supervision of the management. Accordingly, candidates for the Board of Directors are carefully selected to ensure qualified, committed members who are skilled and will devote the effort and time necessary to effectively carry out their governance responsibilities. In selecting members, the Board of Directors looks for male and female members and a diversity in backgrounds (current members represent six nationalities) as well as experience and expertise relevant for the specific role they will play on the Board of Directors, including their memberships on the three committees, as applicable, i.e., the Audit, Finance and Risk Committee (the “AFC”, formerly known as the Audit & Finance Committee, but renamed accordingly by resolution of the Board of Directors taken on May 4, 2021), the Remuneration Committee (the “RemCo”) and the Nomination, Governance and Sustainability Committee (the “NGSC”, formerly known as the Nomination & Governance Committee but renamed accordingly by resolution of the Board of Directors taken on December 21, 2021; together the “Committees”). The NGSC currently works with the Board on identifying individuals who are qualified to become members of the Board and of the Committees with the target to reach at least 30% female directorship in the near future.

Pursuant to Swiss corporate law and the Articles, all Directors are elected annually. The Board of Directors consists of eight non-executive members (six of which are independent) and no executive members. As the current chairman of the Board (the “Chairman”) formerly served as the Company’s CEO, the Board of Directors has a Lead Independent Director whose role is further described in Section below 3.5.2.1. As of March 31, 2022, the Directors of the Company were:

3.1.2 Selection and Skills

Landis+Gyr aims to have a well-balanced Board of Directors with individuals who bring a variety of perspectives, backgrounds and skills and who apply them to permit the Board of Directors to offer informed stewardship. When identifying members for the new Board of Directors at the time of the Company’s initial public offering, a collective set of important skills/traits was defined with the support of an external consultant. This set of skills/traits was reviewed and expanded over the past years, and most recently in 2021, where M&A expertise was added during the annual review to reflect the Company’s recent acquisitions and current strategy. The Board Skill Matrix below summarizes the current set of skills/traits grouped into six categories. The actual skillset/traits of the current Board of Directors were then reviewed and mapped against the matrix, and it was confirmed that the existing Board of Directors collectively possesses all the identified skills/traits.

¹⁴ Andreas Umbach qualifies as Independent Member according to the DCG and the Swiss Code of Best Practice for Corporate Governance. For purposes of consistency of this Corporate Governance Report with previous versions, he continues to be assessed as not independent.

The Board of Directors conducts an annual self-assessment based on a comprehensive and anonymous questionnaire which is reviewed and adjusted on an annual basis, dependent on the current focus area, i.e., in financial year 2021 (April 1, 2021, to March 31, 2022), among others, regarding the committee memberships and options for the Company to further improve its ESG focus in the last quarter of the financial year. The Chairman conducts individual feedback and performance reviews with each director. The Lead Independent Director conducts the Chairman's performance review with the Board of Directors and in absence of the Chairman. Finally, the full Board of Directors jointly reviews the results of the self-assessment and defines any relevant changes or improvement actions.

3.1.3 Independence

The Board of Directors has applied its own independence criteria which go beyond the requirements of the DCG, the FINMA Circular on Corporate Governance and the Swiss Code of Best Practice for Corporate Governance. The Company's non-executive members of the Board of Directors are deemed independent if they:

- are not currently, and have not in the previous three years, been employed in some other function within the Company;
- have not been employed in the previous three years by the Company's audit firm as a lead auditor for the statutory audit;
- have no commercial links with the Company which, in view of their nature and scope, would lead to a conflict of interests (including directorships on the board of a commercial partner); and
- are not significant shareholders of the Company (shareholdings of 10% or more) and are not representatives of individual shareholders (private or institutional) or a specific group of shareholders.

3.2 Other Activities and Vested Interests

Please see the above descriptions in Section 3.1 for information on other activities and vested interests of the current Directors.

3.3 Mandates Permitted Outside of Landis+Gyr

Pursuant to art. 12 of the Ordinance Against Excessive Compensation with respect to Listed Stock Corporations (the “Ordinance”), the articles of association of listed companies are required to contain regulations stating the number of permissible activities of the members of the board of directors, the executive board and the advisory board in the supreme management or administrative bodies of legal entities which are obliged to be registered in the Commercial Register or in a corresponding foreign register and which are not controlled by the Company or do not control the Company.

Art. 23 of the Articles limits the number of outside mandates by the members of the Board as follows:

- a) up to 4 (in the case of the chair of the Board of Directors up to 3) mandates as member of the board of directors or any other superior management or administrative body of publicly traded companies pursuant to art. 727 para. 1 number 1 CO; and, in addition,
- b) up to 10 mandates as member of the board of directors or any other superior management or administrative body of legal entities that do not meet the above-mentioned criteria; and, in addition,
- c) up to 10 mandates in associations, charity foundations and employee assistance foundations.

With respect to the additional activities of both the members of the Board of Directors and the executive management, mandates in companies that are under uniform control or the same beneficial ownership are deemed one mandate.

Please see the above descriptions in Section 3.1 for information on mandates of the current members of the Board of Directors.

3.4 Elections and Terms of Office

Please refer to Section 3.1 above for information relating to the time of first election to office of the Company’s current Directors.

As prescribed by Swiss law and the Ordinance in particular, members of the Board of Directors, including the chair, are elected individually by the General Meeting for a one-year term. In accordance with art. 15 of the Articles, re-election is possible for all Directors provided that at the time of election or re-election, the relevant Director has not reached the age of 70.¹⁶ The members of the Remuneration Committee as well as the independent proxy (the “Independent Proxy”) are also elected by the General Meeting for a one-year term.

3.5 Internal Organizational Structure

3.5.1 Allocation of Tasks Within the Board of Directors

3.5.1.1 General

The Organization Regulations define the essential roles and responsibilities of the Board of Directors, the chair, the Lead Independent Director and the Committees as well as the CEO, the Group Executive Management and the extended executive management.

In general, the chair of the Board of Directors or, in his/her absence, conflict of interest, unavailability, or failure to act, the Lead Independent Director (or, in his absence, conflict of interest, unavailability, or failure to act, any other designated member of the Board of Directors), convenes the meetings of the Board of Directors, sets the agenda, prepares the meetings, and chairs them. He supervises the drafting and signing of the respective minutes, the implementation of resolutions taken by the Board of Directors, conducts strategic relations with shareholders, investors, media and the general public in coordination with the CEO, and assumes any other duty as further set out in the Company’s Organization Regulations.

The tasks and areas of responsibility of the Lead Independent Director are further described in Section 3.5.1.2 below.

The Board of Directors has established an Audit, Finance and Risk Committee, a Remuneration Committee and a Nomination, Governance and Sustainability Committee. The members of the Committees are shown in the table under Section 3.1.1 above. The Board of Directors may, in accordance with art. 7.1 of the Organization Regulations, define other temporary committees or define temporary delegation of certain matters to a group of members of the Board of Directors. Please see Sections 3.5.2.1 et seqq. for the specific tasks and areas of responsibility of the Committees.

3.5.1.2 Tasks and Area of Responsibility of the Lead Independent Director

Appointed by the Board of Directors, the role of the Lead Independent Director is to provide leadership to the independent directors. Besides creating a governance means to address any potential issue where the Chairman – due to his previous role as CEO of the Group – may be conflicted, the Lead Independent Director function enhances the opportunity for each Board member’s point of view to be heard. Further, if the Chairman is indisposed or conflicted, the Lead Independent Director chairs the Board meetings. This includes any deliberations or decision-taking involving the assessment of the Chairman’s work.

3.5.2 Tasks and Areas of Responsibility of the Committees

The committees and their members are shown in the table under Section 3.1.1 above.

¹⁶ For more information on the terms of office of Board members, see art. 4 of the Organization Regulations, available at https://www.landisgyr.de/webfoo/wp-content/uploads//2022/01/Organization-Regulations-LandisGyr-Group-AG_21Dec2021.pdf

3.5.2.1 Tasks and Area of Responsibility of the Audit, Finance and Risk Committee (AFC)

The AFC supports the Board in fulfilling its responsibilities with respect to matters involving the financial and risk management aspects of governance of the Company and the Group. In particular, the AFC supports the Board in fulfilling its oversight responsibility to the shareholders, potential shareholders, the investment community and other relating to the integrity of the Company's financial statements, the effectiveness of the Company's internal control over financial reporting, the Company's compliance with legal and regulatory requirements, the independent auditor's qualification and independence, the performance of the Company's internal audit function and external auditors, and the effectiveness of the Company's risk management processes. The AFC's responsibilities also include the financial and risk management aspects of sustainability and environmental, social and governance ("ESG") matters.

Comprising three independent board members (whereas the minimum number of members amounts to two per the Organization Regulations), the AFC in particular evaluates the work of the internal control functions (e.g., Internal Audit and Compliance) and of the external auditor, making proposals to the Board on the choice of the external auditor and, on request of the Chief Financial Officer (the "CFO"), approving the budget for auditing and other fees from the external auditors.¹⁷ The AFC also assesses the yearly business expenses of the members of the Group Executive Management. The organization, detailed responsibilities and reporting duties of the AFC are stipulated in art. 7.2 of the Organization Regulations.

3.5.2.2 Tasks and Area of Responsibility of the Remuneration Committee (RemCo)

The RemCo supports the Board of Directors in ensuring that executives and employees are paid in accordance with Landis+Gyr's remuneration principles, which incentivize and reward performance in alignment with shareholder interests, and which help the Company to attract and retain the talent it needs to achieve its business goals.

Comprising three independent Board members¹⁸ which is the minimum number of members as set forth by the Articles, the RemCo establishes and reviews the remuneration strategy and prepares the annual proposals to the shareholders' meeting regarding the maximum aggregate remuneration of the Board of Directors and the Group Executive Management, as well as the Remuneration Report. Further, the RemCo regularly reviews the remuneration system, the remuneration-related targets for the Group Executive Management and other members of senior management, and proposes the individual remuneration of the CEO, as well as reviews the individual remuneration of other members of the Group Executive Management. The RemCo also reviews and proposes the individual remuneration of the chair of the Board and other members of the Board. The organization, detailed responsibilities and reporting duties of the RemCo are stipulated in art. 7.3 of the Organization Regulations.

¹⁷ The external auditor is PwC (auditor of Landis+Gyr Group AG and of the Consolidated Financial Statements of the Landis+Gyr Group). It conducts its audit in compliance with Swiss law and in accordance with Swiss auditing standards and auditing standards generally accepted in the United States of America (US GAAS).

¹⁸ In accordance with Swiss law, these members are elected each year by the shareholders' meeting. They serve for one year and may be re-elected for further terms.

3.5.2.3 Tasks and Area of Responsibility of the Nomination, Governance and Sustainability Committee (NGSC)

Comprising three members of the Board of Directors, which is the minimum number of members as set forth in the Organization Regulations, of which the majority is independent, the NGSC supports the Board of Directors with respect to matters involving (i) the nomination of the members of the Board and the Group Executive Management, (ii) the corporate governance of the Company and the Group and (iii) sustainability matters (incl. ESG matters) of the Company and the Group. More particularly, the NGSC supports the Board in assessing the members of the Board, the CEO and the other members of the Group Executive Management with regard to (i) the nomination process, (ii) the succession planning, (iii) the performance review as well as (iv) the self-assessment of the Board and the Board Committees. The NGSC is further responsible for corporate governance matters, including, but not limited to the review of the effectiveness of the Board, its Committees and individual members, the review of the size and composition of the Board and the review of the Corporate Governance report. In addition, the NGSC is responsible for sustainability matters practices and procedures including review of the Sustainability Report, setting of and monitoring compliance with the Company's ESG targets and sustainability goals. The organization, detailed responsibilities and reporting duties of the NGSC are stipulated in art. 7.4 of the Organization Regulations.

3.5.3 Working Methods of the Board of Directors and the Committees

3.5.3.1 Meetings of the Board of Directors and the Committees

The Board of Directors meets as often as necessary to fulfill its duties and responsibilities, usually monthly or bi-monthly in person or via conference call. The Organization Regulations foresee that meetings take place at the request of the Chairman or Lead Independent Director, or of any other member if done in writing and justifying the reason for such request.

The AFC typically meets once every two to three months. Comprising independent Directors, the AFC regularly reports to the Board on its findings and recommendations and the minutes of the meetings are made available to the members of the Board. The overall responsibility, including for approving recommendations, remains with the Board of Directors. The Head of Global Internal Audit reports to the AFC. The Chief Compliance Officer and the Data Privacy Officer provide regular, independent reports to the CEO and to the AFC and ad hoc reports whenever appropriate or requested by the AFC. The reports cover the compliance and data privacy programs and relevant issues and risks. In addition, the Chief Compliance Officer and the Data Privacy Officer provide independent, ad hoc reports to the Board/AFC regarding any significant Group compliance or data privacy issues or risks.

The RemCo typically meets once every two to three months. The Chairman of the RemCo reports to the Board on the RemCo's findings and recommendations after each meeting, and the minutes of the meetings are made available to the members of the Board. The overall responsibility, including for approval of recommendations, remains with the Board of Directors.

The NGSC typically meets once every two to three months. The Chairman of the NGSC regularly reports to the Board on its activities, resolutions and contemplations and the minutes of the meetings are made available to the members of the Board. The overall responsibility, including for approval of recommendations, remains with the Board of Directors.

The Board of Directors adapted to the consequences of the COVID-19 pandemic with respect to travel limitations. In the 12 months preceding this Corporate Governance Report, the Board of Directors held nine meetings. Three out of those nine meetings were in-person meetings, whereas the remaining six meetings were either hybrid meetings with some Directors attending in person and others via video conference, or full video conferences. The in-person meetings lasted for approximately five hours on average, whereas the strategy session was conducted over one-and-a-half days in September and which involved all Directors and some management members attending in person and other management members attending certain sessions via video-conference. The meetings of the Board held via conference calls had an average duration of approximately four hours.

As of April 1, 2021 through March 31, 2022	Number of meetings (attendance)	Average duration (hours)
Board of Directors	9 (100%)	4.5
AFC	7 (100%)	3.5 ¹⁹

NGSC	5 (100%)	2

3.5.3.2 Meeting Attendance

All meetings by the Board of Directors, the AFC, the RemCo and the NGSC enjoyed a 100% attendance of all members of the Board of Directors or the Committees, respectively (see table below). The Board meetings were, except for certain Directors-only sessions, attended by the CEO and members of the Group Executive Management, the Company Secretary/Group General Counsel and other senior managers. In general, the Chairman, the CEO, the CFO, the Group General Counsel and other senior managers attended the AFC meetings, except for certain Directors-only discussions. Meetings of the RemCo were all attended by an external advisor to the RemCo (in person or via conference call) and the Head of Human Resources; the CEO, the CFO and Group

General Counsel attended parts of meetings of the RemCo in an advisory function but were excluded from certain discussions. No member of the management attended the part of the meetings in which their own performance or remuneration were discussed. Except for some Director-only sessions, the meetings of the NGSC were attended by the Group General Counsel and some meetings were also attended by the CEO, who was however excluded from certain discussions.

3.6 Definition of Areas of Responsibility between the Board and the Group Executive Management

According to Swiss law, the Board of Directors is responsible for the ultimate direction and supervision of the Group. Art. 716a of the CO lists certain non-transferable and inalienable duties of the Board of Directors. In addition, the Board of Directors may pass resolutions on all matters that are not defined by Swiss law or the Articles as lying in the responsibility of the General Meeting.

In accordance with Swiss Law, the Articles and the Organization Regulations, the Company's two main governing bodies allocate their tasks and responsibilities as set forth below.

3.6.1 Board of Directors

The Board of Directors is entrusted with the ultimate strategic direction of the Company as well as with the oversight of the management. This includes determining the strategy of the Group upon recommendation of the CEO and appointing the CEO and the other members of the Group Executive Management, as well as the Head of Global Internal Audit.

¹⁹ In addition, there were various ad hoc conference calls each of approximately one hour's duration to deal with matters as they arose.

Although pursuant to the Articles and the Organization Regulations, the Board may, to the extent permitted by law, delegate various responsibilities to the CEO and the Group Executive Management, in line with arts. 16 and 17 of the Articles and the Organization Regulations, it retains certain duties, such as the determination of the risk profile of the Group, monitoring risks and ensuring that fundamental policies and controls are in place for compliance with applicable law and regulations.²⁰ Resolutions of the Board of Directors require the affirmative simple majority of the votes cast. Resolutions may also be taken by circular resolutions provided no Director requests an actual Board meeting. In the case of a tie on any issue, the Chairman has the casting vote.

3.6.2 Group Executive Management (*Konzernleitung*)

The Group Executive Management consists of the CEO, the CFO, the executive vice president America, and the executive vice president EMEA as well as any other member (if any) appointed to the Group Executive Management by the Board of Directors.²¹ The CEO, in his duties,²² is assisted by the Group Executive Management and the Extended Executive Management. He is appointed and removed by the Board of Directors. The other Group Executive Management members are appointed and removed by the Board of Directors upon recommendation of the CEO. The Extended Executive Management is a larger group comprising key functional leaders and direct reports to the CEO. The Group Executive Management and the Extended Executive Management generally meet on a weekly basis.

3.7 Information and Control Instruments vis-à-vis the Group Executive Management

At the invitation of the Board of the Directors, members of Group Executive Management and Extended Executive Management may attend Board meetings and report on significant projects and events. However, the Board may limit their participation to relevant meetings or parts of meetings. In addition, the Board may meet in private sessions, i.e., without management presence.

To ensure the Board of Directors receives timely information on material matters involving the Group's business, the members of the Group Executive Management and Extended Executive Management report to the Board and its committees before or at every meeting, including information regarding strategic, financial, risk and compliance matters. The Head of Global Internal Audit and the Chief Compliance Officer and the Data Privacy Officer also make regular reports to the Board or its committees. In addition, the Chairman acts as liaison between the Board and management and in this capacity has regular interactions with the CEO, other members of the Group Executive Management and the Group General Counsel. The Lead Independent Director has regular interactions with the CEO and the Senior Vice President of Global Human Resources, and the Chairman of the AFC has regular interactions with the CFO and the Head of Global Internal Audit.

²⁰ The detailed description of these retained responsibilities and duties are stipulated in arts. 16 and 17 of the Articles.

²¹ See art. 10.1 of the Organization Regulations.

²² The CEO exercises those duties which the Board of Directors has delegated to management in accordance with the Company's Organization Regulations and Swiss law.

In addition to reviewing and approving the Group's comprehensive annual risk assessment process, the Board and its committees are updated regularly by members of the Group Executive Management and Extended Executive Management on all key risks facing the Group, such as quality issues, the progress of major customer projects, the progress of research and development projects and other risk areas as they are identified, i.e., cyber security risks.

Other reports to the Board include, among others, but not limited to information and updates about regional market performances and portfolios, technology, strategic projects and options, i.e., M&A projects and market developments, investor relations, legal and compliance, HR, ESG activities of the Group and financial information, such as the balance sheet, the income and cash flow statements, and key figures for the Company and its segments. The reports incorporate comments on the respective business results and a forecast of the key figures. The CEO and CFO report at every Board meeting on business developments and all matters relevant to the Company, including competitor activities and emerging opportunities and threats. Furthermore, the Board reviews and approves major customer contracts that exceed a certain value or have particular risk characteristics. During the Board Meetings, the Chairmen of the AFC, the RemCo and of the NGSC also report on all matters discussed by their committees and on the key findings and assessments, and they submit proposals accordingly. Each year, the Board of Directors discusses and approves the budget for the following year and the five-year midterm plan.

The Board's responsibility includes defining the fundamentals of and monitoring the effectiveness of an Internal Control System (the "ICS") relevant to the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error. The ICS ensures the implementation of appropriate procedures and measures to identify and monitor the main financial risks to which the Company is exposed. In particular, the aim of the ICS is to ensure the integrity and completeness of accounting, to provide timely and reliable financial reporting, and to prevent, minimize and identify errors and irregularities in the financial statements.

In order to achieve these objectives, Group companies in scope for external audit are determined annually. Hence, it is ensured that approximately 80% of the revenue and of total assets of the Group are covered. The external audit confirms the existence of the ICS in connection with the year-end audit. Additionally, the external auditor submits improvement suggestions on a yearly basis, which are implemented in the following year.

The internal audits are conducted by the internal audit function in accordance with an annual plan approved by the AFC. A distinction is made between regular and special engagement audits. The latter consist of limited reviews, compliance audits and other special engagements that are incident-specific and upon request of senior management, the AFC or the Board. In all cases, internal audit engagements are approved by the AFC. Regular audits, defined as part of the risk-based annual internal audit plan, focus on the larger entities and higher risk areas. Detailed reports of identified deficiencies are prepared (with deficiencies classified as either high, medium

or low risk) and remedial action plans are agreed with management. The risks and deficiencies identified in these audits are minimized or mitigated by measures adopted by management and are regularly monitored. In the financial year 2021, fourteen internal audits were conducted. The internal audits were restricted to selected business processes. In its review of audited Group companies and organizations, risks and control deficiencies in connection with the above-mentioned business processes were analyzed. Internal audit reports are submitted to the AFC and reviewed by the AFC with the Head of Global Internal Audit, at least four times per year. The implementation and reliability of the controls introduced with the ICS were examined by the Group and regional management to ensure that deviations were identified and that appropriate corrective measures were implemented.

The NGSC supports the Board in all matters that relate to nominations, governance and sustainability. In this capacity, the NGSC reviews current corporate governance matters but also the CEO and GEM performance review and succession plan. Within the context of the annual Board Self-Assessment process run by the NGSC, the Board also reviews its own performance and the performance of the Committees, as well as the cooperation with the CEO and the Group Executive Management and identifies improvement opportunities. The NGSC also identifies training and education options for the Board and also for the Group Executive Management and ensures adequate training sessions.

4.3 Mandates Permitted Outside of Landis+Gyr

Art. 23 of the Articles states that, with the approval of the RemCo, the members of the executive management may have the following other functions in the superior management or administrative bodies of legal entities obliged to register themselves in a Swiss commercial register or a foreign equivalent thereof and which are not controlled by the Company, do not control the Company or do not constitute pension funds insuring employees of the Group:

- a) up to 1 mandate as member of a board of directors or any other superior management or administrative body of a publicly traded company pursuant to art. 727 para. 1 number 1 CO; and, in addition
- b) up to 5 mandates as member of the board of directors or any other superior management or administrative body of other legal entities that do not meet the above-mentioned criteria.

All members of the Group Executive Management combined currently have only one outside mandate at public companies and one outside mandate at other companies (see Section 4.1 above for further information). To ensure compliance, the Group Executive Management must secure approval from the Board of Directors/RemCo before accepting any new mandate. With respect to the additional activities of both the members of the Board of Directors and the executive management, mandates in companies that are under uniform control or the same beneficial ownership are deemed one mandate.

4.4 Management Contracts

There are no management contracts in place between the Company and any third parties.

5 Compensation, Shareholdings and Loans

The remuneration programs within Landis+Gyr are periodically reviewed to ensure continued alignment with the Group's strategy and market practice.

Rules regarding the principles of compensation, participation plans, loans, credits and pension benefits are set in arts. 24, 25, 26, 28 and 29 of the Articles. The rules regarding the approval of the remuneration by the AGM are set forth in art. 12 of the Articles. Further details with respect to all matters regarding compensation, the shareholdings and loans can be found in the Company's Remuneration Report.

6 Shareholders' Participation Rights

6.1 Restrictions on Voting Rights and Representation

6.1.1 General Rules on Restrictions to Voting Rights

Shareholders' rights of participation in the General Meeting are defined by law and the Articles. Each share, provided it is recorded in the share register as a share with voting rights, entitles the holder to one vote. Subject to the registration of shares, the Articles do not impose any restrictions on the voting rights of shareholders. Votes may be exercised only after a shareholder has been registered in the Company's share register as a shareholder with voting rights up to a specific qualifying day (the "Record Date") designated by the Board of Directors before the General Meeting. The potential restrictions on the voting rights carried by the shares of the Company are described in detail in Section 2.6 above. In accordance with art. 5 of the Articles (as described in Section 2.6), the Company may in special cases approve exceptions to the restrictions described in Section 2.6 above. No such exceptions were granted in the period under review herein.

6.1.2 Reasons for Granting Exceptions in the Year Under Review

No exceptions from the voting rights restrictions set forth in the Articles were granted in the period under review herein.

6.1.3 Procedure and Conditions for Abolishing Voting Rights Restrictions

The abolishing of voting rights restrictions as set forth in the Articles requires a resolution of the General Meeting passed by at least two thirds of the represented share votes and absolute majority of the par value of represented shares (see art. 13 of the Articles).

6.1.4 Rules on Participation in the General Meeting

Pursuant to the Articles, shareholders may be represented at shareholders' meetings by an independent proxy or any other person who need not be a shareholder. The Board of Directors determines the requirements regarding proxies and voting instructions. The AGM 2021 was held without physical presence of the shareholders in accordance with the Swiss COVID-19 Ordinance. Shareholders were given the opportunity to listen to the live webcast of the AGM 2021 and to submit questions in advance.

6.1.5 Rules on Instructions to the Independent Proxy and Electronic Participation in the General Meeting

Shareholders may also be represented by the independent proxy at the General Meeting. The requirements that apply to powers of attorney and instructions are determined by the Board of Directors (art. 11 of the Articles). The independent proxy has a duty to exercise the voting rights assigned to him by shareholders in accordance with their instructions. The independent proxy is elected annually by the General Meeting. The term of office begins on the day of election and ends at the close of the

next Ordinary General Meeting. Re-election is permitted. Swiss law allows for proxy instructions both in written as well as electronic form. Since the Company's IPO in 2017, instructions by shareholders to the independent proxy for participation in the General Meeting have been permissible both in written and electronic form.

The Articles do not contain any rules on the electronic participation of shareholders in the General Meeting.

6.2 Quorums Required by the Articles of Association

Art. 13 of the Articles requires a resolution of the General Meeting passed by at least two thirds of the represented shares and an absolute majority of the par value of represented shares for the following items:

- a) All agenda items which require such qualified majority by law (art. 704 of the CO and certain resolutions in connection with the Swiss Federal Merger Act);
- b) the facilitation or abolishment of the limitations on the transferability of shares as set forth in the Articles; or
- c) an amendment of art. 13 of the Articles.

6.3 Convocation of the General Meeting

The Company's Articles do not differ from applicable Swiss statutory provisions under Swiss law, other than that the Board of Directors is required to convene an extraordinary General Meeting within two months if requested by one or more shareholder(s) representing in aggregate at least 5% of the Company's nominal share capital registered in the commercial register. Shareholders' meetings may also be convened by the Board of Directors or, if necessary, by the Company's statutory auditors or liquidators under Swiss law.

The General Meeting is convened by publication of a notice of such meeting in the Swiss Official Gazette of Commerce (Schweizerisches Handelsamtsblatt) at least 20 days before the date of the meeting. To the extent the post or e-mail addresses of the shareholders are known, a notice is sent simultaneously by mail or e-mail. The notice states the day, time and place of the meeting, the agenda, the proposals of the Board of Directors and the proposals of the shareholders who have requested the shareholders' meeting or that an item be included on the agenda.

6.4 Inclusion of Items on the Agenda

Registered shareholders with voting rights individually or jointly representing at least CHF 1 million of the nominal share capital of the Company may demand that items be put on the agenda. Such demands must be submitted to the Chairman at least 45 days before the date of the shareholders' meeting and must be in writing specifying the items and the proposals.

6.5 Entries in the Share Register

The Record Date (see above, Section 6.1.1) is set by the Board of Directors and included in the invitation to the General Meeting.

7 Change of Control and Defense Measures

7.1 Duty to Make an Offer

The Articles do not contain any provisions on opting-out or opting-in in the sense of art. 125 para. 3 and 4 of the FMIA or art. 135 para. 1 of the FMIA, respectively.

7.2 Clauses on Change of Control

There are no agreements in place containing change of control clauses benefiting members of the Board of Directors and/or the Group Executive Management as well as other members of the Company's management.

8 Auditor

8.1 Duration of the Mandate and Term of Office of the Lead Auditor

The independent group auditor of the Company is PricewaterhouseCoopers AG (PwC), Dammstrasse 21, 6302 Zug, Switzerland, who has been the auditor of the Company since financial year 2016 (April 1, 2016 to March 31, 2017). The lead audit partner is rotated every seven years in accordance with Swiss law. The responsible lead audit partner within PwC is Rolf Johner, who has been in charge of the Landis+Gyr mandate since PwC became the Company's statutory auditors.

8.2 Auditing Fees

PwC was paid compensation of CHF 1.6 million for services in connection with auditing the annual financial statements of the Company and the consolidated statements of the Group for financial year 2021.

8.3 Additional Fees

PwC charged CHF 0.2 million for non-audit services performed during the year-ended March 31, 2022. The non-audit services primarily included tax advisory services.

8.4 Information Instruments Pertaining to the External Audit

PwC presents to the AFC, on an annual basis, a detailed report on the results of the audit of the consolidated and stand-alone financial statements, the findings on significant accounting and reporting matters, and findings on the internal control system. The results and findings of this report are discussed in detail with the CFO.

The AFC reviews annually the appropriateness of retaining PwC as the auditor of the Landis+Gyr Group AG and its subsidiaries, before proposing to the Board and to the AGM of Landis+Gyr Group AG the election of PwC as auditors. The AFC assesses the effectiveness of the work of the auditor in accordance with Swiss law, based on its understanding of the Group's business, control, accounting and reporting issues, and the manner in which significant matters are identified and resolved at the Group level or in the statutory accounts. It also makes a recommendation to the Board of Directors concerning the choice of the external auditor.

The AFC is also informed on the work of PwC through briefings from its Chairman, who is in turn briefed as required by PwC. Audit fees are ultimately approved by the AFC.

In the period under review, PwC attended three meetings of the AFC at which PwC presented its report on the audit of the Group's accounts for the financial year 2020 and the audit plan for the audit of the Group's accounts for the financial year 2021.

The Group and PwC have agreed on clear guidelines and firewalls for non-audit services that are appropriate for PwC to provide. These services include due diligence on mergers, acquisitions and disposals and certain tax and business risk assurance and IS/IT advisory support. These guidelines are aimed at ensuring PwC's independence in their capacity as auditors to the Group. PwC monitors its independence throughout the year and confirms its independence to the AFC annually.²³

10 Quiet Periods

The Company's "Insider Dealing and Market Manipulation Policy" (the "Trading Policy") generally allows Landis+Gyr personnel to deal in Landis+Gyr securities at all times (i.e., without any sort of limitation to deal in Landis+Gyr securities). There are four groups excepted from such general rule: "Insiders"; "Persons Confined to Trading Windows"; "Restricted Persons"; "LTIP Participants" (all as defined in the Insider Policy).

Insiders are restricted from dealing in Landis+Gyr securities at all times as long as they qualify as Insiders. Persons Confined to Trading Windows, Restricted Persons and LTIP Participants are (besides further specific restrictions to their liberty to deal in Landis+Gyr securities and provided they are not an Insider) only allowed to deal in Landis+Gyr securities provided there is an open "Trading Window".

A "Trading Window" is defined as the period of time during which a Person Confined to Trading Windows, a Restricted Person or an LTIP Participant, subject to other potential restrictions as set out in Landis+Gyr policies, may deal in Landis+Gyr securities or "Restricted Securities" (specific non-Landis+Gyr securities determined by the Landis+Gyr ad hoc committee). While subject to potential changes which are communicated "ad hoc", the two Trading Windows commence upon (1) the second trading day following the public release of Landis+Gyr's annual results and end on the start of September 1 (at 00:00.00 local time), and (2) upon the second trading day following the public release of Landis+Gyr's semi-annual results and end on the start of March 1 (at 00:00.00 local time). For financial year 2021, Landis+Gyr's Trading Windows, therefore, were the following:

- May 6, 2021, 22:00.00 local time to August 31, 2021, 24:00.00 local time; and
- November 1, 2021, 08:00.00 local time to February 28, 2022, 24:00.00 local time.

The Board of Directors thanks the Company's shareholders, customers and other stakeholders for their interest in and support of the Company.
